To Share, Learn and Connect

Salem Church of God

(Gluten Free & Vegetarian options will be offered. Suggested \$5 donation for lunch.)

We all bring a wide variety of talents and gifts and level of readiness to our community in the time of need...but when there is a lack of coordination among our faith-based groups we risk being inefficient or duplicative with our efforts.

By coming together “before the next thing happens”, we can develop a framework that will create a faith community that is ready, willing and able to communicate and collaborate with one another and the community at large.

**SHARE** - Come and share your group’s experiences as it relates to the Memorial Day tornadoes - recovery efforts, challenges faced and meaningful experiences.

**LEARN** - Come and learn new and helpful information around the idea of preparedness and resilience building.

**CONNECT** - Meet and talk with others who are also involved in the recovery. Are there lessons your organization has learned that should be shared with others?

RSVP Requested by Sept. 17, 2019
